

ALL OTHER SITE PROGRAM PARTICIPANTS

Solici- ation	Developer	Technology	Location of Demonstration	Project Manager	Scheduled/Comments
Biological					
010	Environmental Biotechnologies Inc. San Carlos, CA Dr. Douglas Munnecke 415-462-6700	Microbial Cosmpsting Process for Manufactured Town Gas Wastes		Ronald Lewis 513-569-7856	Developer looking for a site that will pay developers costs for the demonstration.
Physical/Chemical					
HSA 02	Electro Petroleum, Inc. Wayne, PA J. Kenneth Whittle 610-687-9070	Electrokinetics	Aladdin Plating Superfund site, Clarks Summit, PA (Region 3)	Randy Parker 513-569-7271	Preliminary sampling indicates that chromium contamination at the site is less than adequate to properly demonstrate the technology. Search for a new site initiated.
009	Matrix Photocatalytic Ltd., London, ON, Robert Henderson 519-660-8669	Photocatalytic Air Phase Organics Destruction		Paul dePercin 513-569-7797	Air phase demonstration is being planned. Searching for demonstration site.
010	Recycling Sciences International, Inc. Chicago IL William C. Meenan 312-663-4242	Low Temperature Thermal Desorption System		Richard Eilers 513-569-7809	This technology has been reaccepted in the SITE program. Demonstration site being sought.
009	Sive Services Dixon, CA Douglas Dieter 916-678-8358	Trench Steam Injection		Michelle Simon 513-569-7469 Fax 513-569-7676	Needs funding to perform demonstration.
	Summitville Mine Site, CO Victor Fartellepper 303-312-6578	Assorted Passive Semipassive	Summitville Mine, CO (Region 8)	Ed Bates 513-569-7774	Pilot scale treatment systems designed, Demo scheduled for June/July, 2000
